

Ten Million Dollars.

Such Was the Fire Loss at Spokane Falls, W. T.

BUT LITTLE OF THE CITY LEFT.

Nearly Every Business House in the Place Destroyed—Several Lives Reported Lost. A Conflagration Beyond the Control of the Fire Department—The Principal Losses and Extent of Their Loss.

Spokane Falls, Wash., Aug. 5.—The entire business portion of the city, with the exception of one mill, was destroyed by fire Sunday night. The loss will reach \$10,000,000.

The fire started in a lodging house on Railway avenue at 5 o'clock and burned until morning. A large number of frame buildings, and several grain elevators were near the lodging house, and soon after the fire broke out they were ablaze.

The fire leaped from street to street, and nothing could be done but let the flames have their own way until they reached the river and then endeavor to prevent the fire from reaching the buildings on the opposite side. The flames swept through the city, and one business block after another was consumed, everything being burned to the water's edge. Only a few dwellings were destroyed.

Every business house in the city including eight banks, all the hotels but one, all magnificent structures, except the present block, and every newspaper save The Inquirer, were burned out. The burned district includes all that part of the city from the Northern Pacific railway to the river, and from Lincoln to Washington streets. Several persons are known to have perished and several more were injured by leaping from windows. Charles Davis, of Chicago, a guest at the Arlington house, was awakened by flames bursting through the door of his room on the third floor. He jumped from the window and was shockingly mangled and died in a few minutes. A woman whose name is unknown leaped from the second story of the Pacific hotel and was killed.

The fire spread with such astonishing rapidity that it is believed many were shut off from escape before they were even aware of their danger. A dozen large buildings were blown up with giant powder by the orders of the mayor, but even this proved futile. The Northern Pacific railroad is probably the heaviest loser, the magnificent new freight house being destroyed. Their loss, including freight burned, will reach about \$1,000,000. All provisions and supplies were burned, and there will necessarily be much suffering for several days. Appeals for help have been sent out, and Portland, Seattle, Tacoma and several neighboring towns have already responded.

The business district was located on a strip five squares wide and seven squares long. The buildings were all of stone and brick and included ten banks, five hotels, the opera house and many wholesale establishments doing a business of half a million each. It is thought here that the loss will amount to \$10,000,000 or \$12,000,000. The only fire department the city had was a volunteer one, but the city had an excellent water works built on the Holly system, that was capable of most effective work. It is understood that but little insurance was carried by property owners.

Among chief losers are the following: Holley Mason, of Marks & Company, wholesale hardware, \$125,000; Great Eastern Wholesale Dry Goods house, \$100,000; White House, dry goods, \$100,000; Lowenstein Brothers \$100,000; Benham & Griffith, wholesale grocers, \$60,000; Mason Smith & Company, grocers, \$40,000; Pacific hotel, \$10,000; Grand hotel, \$40,000; Windor hotel, \$25,000; Hyde block, \$25,000; Washington block, \$15,000; Custer block, \$20,000; Morse block, \$20,000; First National bank block, \$25,000; Wolcott block, \$25,000; Franklin block, \$125,000; and Tall block, \$75,000.

BURKE IN CHICAGO.

The Cronin suspect securely locked up in a cell.

CHICAGO, Aug. 6.—Martin Burke, the Cronin suspect, handcuffed to two detectives, was dropped from the St. Paul train about six blocks from the Union depot last night, and from there driven in a carriage at lightning speed to the Harrison Street station, and placed in a cell.

At the depot was a squad of policemen waiting ostensibly to escort Burke from the depot, but really to act as a decoy for the reporters. There were very few people about the police station and no one save the police authorities knew of Burke's arrival until he had been safely placed behind the bars.

Eight Stopped by Police.

BUFFALO, Aug. 6.—At Genesee hall last night Paddy Brennan undertook to stand up before Peter Jackson. He made a miserable failure, however, and was so severely punished in the first round that the police interfered and stopped the fight. Brennan's nose was broken and he was otherwise badly used up, while Jackson did not get a scratch.

Fortunate Escape.

DEARBORN, IOWA, Aug. 6.—Dellie, a town of 1,000 inhabitants, on the Dearborn branch of the St. Paul road, in Delaware county, barely escaped total destruction by fire yesterday. Twelve buildings, among them the post-office, telephone office, Old Fellows and two hotels were destroyed. The insurance is light and the loss is estimated at \$50,000.

A BLOODY DUEL.

One of the Participants Severely and the Other Mortally Wounded.

NEW ORLEANS, Aug. 6.—A special from Baton Rouge to The Picayune reports that a bloody duel took place yesterday morning near Coltonport, Aveyville parish, between Charlie Armour and his father-in-law, Henry Ducate, in which the former was severely and the latter mortally wounded. The fight grew out of an altercation between the two men at a dance the night before when arrangements were at once made for a meeting on the banks of the Bayou in the morning. The two men faced one another at daybreak in the presence of fully fifty men friends of both the combatants, who had come to witness the fight.

The men were placed in position with their backs to each other and a considerable distance apart. At the signal both men turned and advanced rapidly firing as they approached one another, and never stopping until both combatants lay prostrate upon the ground. Ducate had been struck in the stomach with seven bullets making a wound from which he cannot recover, while Armour's right knee had been shattered by a rifle ball. Both men were taken to their homes by their friends.

Delivery Stamps.

What They Signify When Attached on Letters.

THEIR DELIVERY ON SUNDAY.

It is Left Entirely Optional with Postmasters Whether it is to be Strictly Enforced—Whereabouts of the Cabinet Officers—Other Dispatches from the National Capital.

WASHINGTON, Aug. 6.—In most of the ninety-six first class postoffices in the United States delivery of letters with special delivery stamps attached, is made on Sunday. Until recently no Sunday delivery was made in New York city, but Sunday Postmaster Van Cott inaugurated a Sunday delivery. The law when passed was construed to mean that letters bearing special delivery stamps should be delivered as soon as received.

There was a great opposition to this from the religious element of the country, and Postmaster General Vilas then directed postmasters throughout the country to use their discretion in the matter. The postmasters at most of the large postoffices decided that the law meant that such letters should at once be delivered. At the following offices, however, no delivery of special delivery letters has been made on Sunday during the past year and this year as far as the postoffice department is advised, Chicago, St. Louis, Grand Rapids, Louisville, Memphis, Pittsburg, Wilmington, Dallas.

New York began the Sunday delivery last Sunday, but during the past three years Postmaster Pearson construed the instructions of the postoffice department to mean that such delivery was not required. There is no department ruling on the question. It is likely the matter will be brought before congress at its coming session, that the obligations of postmasters may be defined. The offices which do not make delivery on Sunday are the offices which are most frequently called on to make such delivery.

Where the Cabinet Officers Are Going.

WASHINGTON, Aug. 6.—There will be a cabinet exodus from Washington today. The president, accompanied by Secretaries Windom and Prentiss and Private Secretary Halford, will leave here at 9 10 a. m. on a special car to the Pennsylvania railroad. At New York they will take the Fall river boat for Boston arriving there on Wednesday morning. Secretaries Windom and Prentiss will not accompany the president to New York, but will remain in Boston to transact some business there. Secretary Walker Blaine will meet the president at Boston and escort him to New Harbor on Thursday.

Messrs. Windom and Prentiss will return to Washington in about a week.

Secretary Tracy, who has been suffering from a slight attack of dysentery, will go to Brooklyn to-day for a short stay.

Attorney General Miller will leave for Indianapolis this afternoon. He will return in two weeks.

Secretary Noble will probably take a short vacation beginning at the end of this week.

The Boston Trolley Bottom.

WASHINGTON, Aug. 6.—The secretary of the navy has received the following letter from James O. Kane, captain commanding the United States steamship Boston:

"Newport, R. I., Aug. 3. "I have respectfully to report, that at ten minutes before 6 o'clock this afternoon, while returning to an anchorage from speed trials in Narragansett bay, the Boston trolley bottom for a moment left the island, probably on Mitten rock. I shall send a diver down to make an examination as soon as possible, in order to ascertain if any serious injury has been received."

Mr. Mate will exhibit the remainder of the giant's body.

Effects of a Storm.

LABOR TROUBLES.

The Strike in the Connellsville Coke Region Approaching a Crisis.

PITTSBURGH, Pa., Aug. 6.—The strike in the Connellsville coke region is becoming a serious matter. There was a riot at the Alice mines yesterday, when the strikers broke upon the doors of the houses occupied by workmen and compelled the inmates to flee. Some of the men and women were seriously hurt. They were told that if they returned to work again while the strike was on they would be severely dealt with. The sheriff of Uniontown has been notified and will order deputies on duty, but it may become necessary to call out the militia.

Eleven Thousand Out. PITTSBURGH, Aug. 6.—The works of J. W. Moore & Company and J. M. Schoonmaker & Company are the only large plants in the Connellsville region that are working to-day. The strike leaders expect that the men now working will join the strike to-morrow. The number of men now idle exceeds 11,000, which is a much larger number than engaged in the strike of 1886. The operators have little or nothing to say. Mass meetings are being held at all the places to-day where men are at work.

Girls on a Strike.

READING, Pa., Aug. 6.—Owing to a reduction in wages from fourteen to twelve cents per dozen in stockings, over one hundred young women employed by Hausicker & Company, the Reading hosiery mills, went on a strike yesterday morning. The girls held a meeting and resolved not to go back until their grievances were righted.

Hungarian Fight.

SCOTTSBURGH, Pa., Aug. 6.—It is reported that a party of Hungarian strikers went to Schoonmaker's ovens at Jimtown and attempted to make the coke workers quit, and that a fight ensued, but the report could not be confirmed at a late hour. There is no other change in the situation, about 11,000 men being on a strike in the coke region.

PROHIBITION.

The Subject to be Submitted to the People of Washington Territory.

OLYMPIA, W. T., Aug. 6.—The constitutional convention yesterday passed an article on prohibition, which is to be submitted to a vote of the people as a separate proposition. It forbids the manufacture or sale of liquor except for medicinal, scientific and sacramental purposes. Section 21 of the article on corporations establishing a railroad commission was rejected, but power was given the legislature to create one if desired.

Another section was adopted forbidding any railroad company from giving greater privileges to one telegraph company than to another, or refusing to grant right of way for construction of telegraph lines along the road, and also obliging telegraph companies to receive business from each other on the same as other public carriers. Monopolies or trusts are defined and strongly forbidden.

Adjourns sine die.

SIOUX FALLS, Dak., Aug. 6.—The South Dakota constitutional convention adjourned sine die. A resolution was adopted authorizing the territorial treasurer to fund into present bonds \$107,000. The South Dakota inherited constitution was read section by section. President Edgerton affixed his signature to the documents, and others signed in the honor of roll call. This ended the work of the convention. Last night the citizens of Sioux Falls gave a banquet in order of the members, who will go away with pleasant recollections of the place.

Counterfeiter Caught.

SHELBY, Mo., Aug. 6.—United States Marshal Gates, of Kansas City, yesterday arrested the dealer in this city for passing counterfeit money. The counterfeit money is of the denomination of dollars, and is the best counterfeit of a silver dollar that is found. The milled is perfect. It is charged that Ike Beeler and his brother Abe have been passing this money for a year. A package of the dollars, which had been found near the railroad track here, not very far from the home of the Beelers, was given to the marshal as evidence against them. The counterfeiters are sons of respectable parents in this city. Abe Beeler is supposed to be in Kansas City, and it is expected that he will soon be caught.

The Conquest of Mexico.

CINCINNATI, Aug. 6.—"Montezuma, or the Conquest of Mexico," the new annual grand spectacle of the Order of Cincinnati received its first presentation of the campaign last night to an audience of nearly 10,000 people. The program is a certainly magnificent one, and the enthusiastic approval of last night's performance justified the months of labor, care and intelligence that have been expended on it.

A Brewery Damaged by Fire.

CINCINNATI, Aug. 6.—Herman Lackman's brewery, at 511 to 525 West Sixth street, was damaged \$40,000 by fire Monday morning, a more disastrous conflagration being averted solely through the almost superhuman efforts of the fire department, which confined the flames to the ten machines building, cooper shop and wagon shed, thus saving the valuable brewery property, malt house and stables.

The English View.

What They Think of the Black Diamond Seizure.

THEY VIEW IT AS AN OUTRAGE.

The London Times Thinks That the United States Has no Rights Outside of Its Territorial Waters—Extreme Cruelty to Soldiers—Latest News from the Scene of Battle—Other Foreign News.

LONDON, Aug. 6.—The Times in a leading editorial comments on the latest seizure of Canadian sealing vessels by the American authorities and says: There is not a particle of justification for the high handed seizure of the Black Diamond. No statute of congress can bind English citizens beyond the territorial waters of America without the consent of England. The seizure is contrary to international law and the equity of nations. The good sense and love of justice of the American people can be relied upon to assist in the settlement of a question which ought never to have been raised.

Cruelty to Soldiers.

VIENNA, Aug. 6.—In the course of the summer maneuvers at Buda Pest yesterday many soldiers of a regiment of Hussars were left unconscious on the field from overwork. ST. LOUIS, Mo., Aug. 6.—A special to The Republic from Mexico, Tex., says: Seven miles from Mexico yesterday the 18-year-old daughter of George Zolt poured oil from the kerosene can on the fire. It exploded, tearing her breast badly and setting her clothing on fire. She ran outside, but the wind made it burn so much faster that she ran back and fell enveloped in the flames. The house caught, the body of the girl being burned to a crisp. Her father was the house, sick in bed, as was also a little brother. It all happened so quickly that they could render no assistance. The family, though, saved themselves.

Conflicting Stories About Kilrain.

BALTIMORE, Aug. 6.—There is considerable doubt here as to the correctness of the report that Jake Kilrain had been arrested. Two dispatches have been received from different sources in Virginia and it is a case of pay your money and take your choice. One dispatch is from Norfolk which says that Kilrain was arrested at Ocean View and taken to Hampton. The other is from Hampton, saying that Kilrain had not arrived there and that he was not under arrest.

KANSAS WHEAT YIELD.

It is Estimated That There is Thirty-Four Million Bushels.

CHICAGO, Aug. 5.—A gentleman who has been through Kansas says of the crop of wheat in that state: "The immense wheat crop this year is a surprise to many people east of the Mississippi river, but nothing in the way of big crops will surprise one who has lived long on Kansas soil. What can be done with this immense wheat crop? It is estimated that there are 31,000,000 bushels. Seventeen thousand farms having 1,000 mortgages on them, or 2,250 farms having \$500 mortgages, or 31,000 having \$500 mortgages, can be redeemed with this wheat crop. This crop can fill 68,000 cars of 500 bushels each.

A Train 410 Miles Long.

"This would make a solid train 410 miles long, reaching from Colorado across the state of Kansas and over into Missouri. From north to south it would cross both Kansas and Nebraska, and join the Indian Territory with Dakota. Made into trains of twenty-five cars each, there would be 3,280. If these trains were run three miles apart they would stretch over a line 8,100 miles, and it would require two weeks and a half for the last train to arrive in the market if they all left the same place and would go to the same market, the trains running twenty miles an hour, twenty-four hours every day.

—A model concert, by fifteen well-trained girls and boys, will be given at the City Hall on Thursday evening, August 15th, for benefit of A. M. E. church, Rev. G. H. Davis, pastor. Admission ten cents.

—Those who have tried our high-life Mocha and Java coffees pronounce them superior to any thing in the Marion market. We have just received a new supply, fresh roasted. COFFEY & STONE.

—George Hochstetter has just completed a stone walk for Mrs. Burton, in West Marion, and is now laying one for Sanford Wilson, on east Center street. Mr. Hochstetter has no equal in that line of business.

—Mr. Thomas, the Welsh prize singer, possesses an unexcelled voice and won the prize at the national contest at Pittsburgh in 1887. Mr. Thomas will appear in the Mendelssohn concert at Music Hall tomorrow evening.

—Chris. Hagermann, formerly employed at Seider Bros' store, has accepted a position in J. G. Lutter's grocery store. Chris. has had considerable experience, having been in the business about ten years, and is well worthy his first-class position.

—Monday afternoon a lady residing in the western part of the county was backing her carriage from the litching rail near the Court House, on Center street. It was backed into a passing lumber wagon. The result was a badly demolished carriage.

—The M. E. Sabbath school of Scott Town will hold a basket picnic at Clark's grove on August 15th. Twenty-three schools have been invited. Addresses will be delivered by several of the leading ministers of the county. Everybody is invited to be present.

—It is less than two months until the county fair opens, and exhibitors and patrons should bear this fact in mind. The board of managers are taking steps to make this year's exhibit far superior to all previous ones, and they deserve the co-operation of everybody interested in the annual fair.

—It has been suggested that the necessary trouble of arresting plain drunks upon the street be dispensed with, as west Center street, in its present condition, offers a much better method of sobering the drunk than allowing him to cool off in the quays, by thrusting him into a conveyance of some kind and a short drive to the C. and T. via Center street. It is guaranteed that a case of the worst kind will be completely sober before half of the journey is completed, and with the exception of a few bruises which he may receive in the passage over the immovable rocks and mud holes, he will be none the worse for the trip.

HURRAH FOR MACKINAC!
The Old Maid's Excursion Will Leave Marion Via the C. H. V. and T. Railroad, Monday, August 12.

The Old Maid's excursion to Mackinac and cool resorts of the North, will leave Marion, via the C. H. V. and T. railroad, Thursday, August 12. The ladies having the party in charge, famous for their memorable excursion to New Orleans in 1884, have decided, at request of many patrons, to organize a school party for a pleasant trip up the lakes to picturesque Mackinac, the Fairy Isle, Potoskey, St. Sault, Marie, and other delightful resorts of northern fame.

The route will be by the C. H. V. and T. to Toledo, thence over the Michigan Central to Detroit, when a change will be made to the steamer, City of Alpena, one of the palace steamers of the Detroit and Cleveland Steam Navigation Company's fleet.

Train leaves Marion at 12:30 p.m., and will arrive in Detroit at 6:30. Supper at Wayne Hotel, opposite depot, then adjourn to the steamer City of Alpena, where the party will occupy their rooms Thursday night free of charge.

Steamer starts at 7 o'clock a.m. Dinner will occur near the St. Clair Flats. Steamer will reach Lake Huron at supper time, pass the awe-inspiring Saginaw Bay at night, leaving Alpena (Sawadust City) in the morning. No further stop is made from there to Cheboygan, and Mackinac is reached about 5:30 in the afternoon. After two days at Mackinac, the party will take the inland route to Potoskey, which promises to be the most attractive part of the trip.

The rate from Marion is \$21.25, round trip tickets, good until October 1st, and including the following side trips: Inland Navigation company to Potoskey and the Delta Transportation company through the St. Mary's river to the "Isle."

Meals will cost fifty cents, and rooms, accommodating three persons, \$2.00 each way.

The ladies will limit their party, so tickets must be purchased early.

The Mendelssohn Concert.
(Bye-bye Telephone)
Although less than a week was given to advertise the Mendelssohn Concert, a very fine audience of the intelligent music loving people of this city and surrounding country greeted them on their first appearance here.

The programme as outlined consisted principally of sentimental and pathetic selections, while the numerous choruses were usually answered by something of the humorous order, and it would be difficult to tell in which class the highest excellence was attained. Each member of the quartette became a favorite, and the difficult and capricious solo singing of Miss Ragan was especially enjoyed. Much credit is also due to Miss Dille Clymer for her fine piano rendering under very embarrassing circumstances, as the music was entirely new to her as well as the style of the vocalists in their execution.

The Mendelssohn quartette will appear at Music Hall tomorrow evening.

A Reminder of the Past.
The following paragraph from the Nebraska State Journal will serve to recall evangelized recollections of the past, in Marion:

"J. H. Weber, the venerable soul savor, who was at attendance at the Canadian park camp meeting, went to the Kentucky camp meeting to take charge of it. After hearing him take the management of a meeting and voted to discontinue with any further services on his part. Mr. Weber's peculiar methods of dispensing salvation do not seem to meet with the enthusiastic approval of Nebraska Methodists."

Fair Warning.
Mr. Will P. Port, the Bow Line detective, was in the city today, coming for the purpose of stopping the nuisance of small boys heading trains to and from the junction. The company has no desire to prosecute without reason, but the practice has become very extensive and dangerous. Unless parents see to it and make their boys' conduct, the youngsters will be arrested and fined. It is the part of wisdom to heed this warning.

Thanks.
We, the undersigned, thus publicly desire to return to one and all of our friends and the friends of our son Charley, our heartfelt thanks for the many acts of kindness shown to us and him through his long sufferings and at the time of his death and burial. May heaven reward you all.

JOHN AND MARTHA A. VESTAL.

A Personal Endorsement.
I wish hereby to give my unqualified endorsement of the entertainment to be given at Music Hall, Wednesday, by the Mendelssohn quartette. I have attended several entertainments and all have been of high character. You will miss a rare treat if you fail to hear them.
